

5 REASONS TO CHOOSE GROUNDWORK

01 | We specialize in one thing, and one thing only
Secure Ground Movements

02 | We created the Mobile Security Specialist

These hand-picked, highly vetted and trained security professionals possess a unique combination of protective skills and concierge-style mentality

03 | An outstanding field team is only the beginning

We lead the industry in understanding the science of ground risk mitigation, and building systems and support optimized for it. This gives our field team access to unparalleled tools, information, and support

04 | We do not outsource

We rely exclusively on our Mobile Security Specialists to complete every mission, in every market

05 | We guarantee consistency

No matter whether you work with us in Los Angeles, Cape Town, or Bangalore, your client experience should meet the same high standards, from booking to billing, every time
